WHAT IT DOES

Class Digest replaces weekly slide decks for parents. Teachers fill in a short entry for each class, their Head of Year reviews and approves it, and the app makes a branded PDF for parents for the week, the month or the whole year.

How it works

STEP 1

Fill in your week

Add the topic, home learning and class links for each class you teach.

STEP 2

Submit to your Head of Year

Send your entry for review with one click.

STEP 3

Approved

Your Head of Year checks and approves it, and adds photos.

STEP 4

The parents' PDF is made for you

A finished PDF for parents is created automatically.
